WORK EXPERIENCE

Feb 2025 - Present — UI UX Designer
Cgbiz Solutions

Currently working as a UI/UX Designer at CGB Solutions, an IT consulting firm. I am responsible for designing and enhancing user experiences across various projects, including applications, dashboards, and websites. My role involves creating engaging infographics, improving visual storytelling, and designing social media creatives to strengthen the company's digital presence. With a user-centric approach, I strive to develop intuitive and impactful designs that enhance functionality and user engagement.

Apr 2024 - Dec 2024 — UI UX and Graphic Designer
Lavi Software and technology

UI/UX Designer with expertise in the fintech industry. At Lavi Software and Technology, I played a key role in designing and improving the user experience for the company's website and its flagship fintech product, Gramapays, a BBPS-like application. Additionally, I was responsible for creating engaging social media creatives, designing infographics, and working on print media to enhance brand

visibility. Passionate about crafting seamless digital experiences that align with user needs and business goals.

Apr 2023 - Apr 2024

Graphic Designer

Khadi Natural Healthcare

Experienced Graphic and UI/UX Designer with a demonstrated history of working in the healthcare and e-commerce industry. At Khadi Naturals Healthcare, I was responsible for creating engaging social media creatives, designing D2C, B2B, and B2C banners, and enhancing website and application UI/UX. Skilled in infographic design, print media, and branding, I bring a strong visual storytelling ability to digital and traditional platforms. Passionate about crafting user-centric designs that drive engagement and business growth.

Jun 2022 - Apr 2023

Graphic Designer

Support Star Corporate

Worked as a Graphic Designer at Support Star Corporate, also contributing to its luxury pet care brand, Zotails. I was responsible for managing social media creatives, photography, infographics, print media, and video editing for both brands. Additionally, I handled social media accounts and content writing to enhance brand presence and engagement. With a creative and strategic approach, I helped build visually compelling content that resonated with the target audience across multiple platforms.

INTERNSHIP

6 Months

Internship

Design Strokes

Completed a 6-month internship at Design Strokes, gaining hands-on experience in graphic design and digital media. Worked on multiple projects, including social media creatives, print media, illustrations, and photo editing. Contributed to design projects for the Ministry of Science, showcasing creativity and attention to detail in high-impact visual content. Developed a strong foundation in design principles, branding, and digital storytelling.
